### **Company overview.**

Established in 1961 in the Venetian countryside, Fabbian is one of the premier Italian lighting manufacturers operating in the modern design market, designing and manufacturing lighting fixtures for residential and commercial markets.

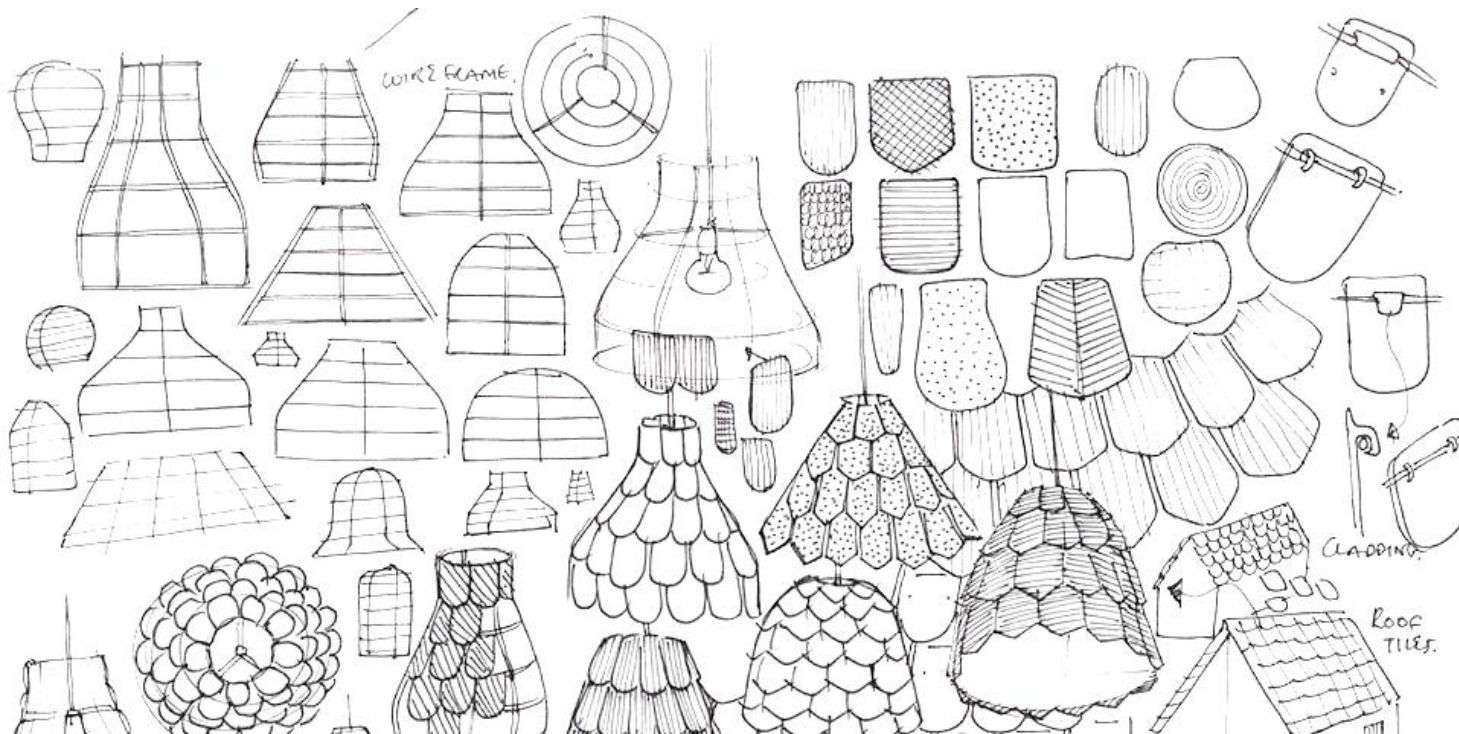

This history, combined with traditional Italian craftsmanship and the finest quality, keeps Fabbian a prominent brand that is internationally recognized in the architectural and design communities worldwide.

### Company overview.

The endless research on new materials, trends, and aesthetics has always been combined with market demands and new business opportunities.

From the very beginning to the design application, the product life cycle is strictly controlled to make sure that each light fixture meets the highest quality expectations and safety requirements.

These components give Fabbian products a vast and diversified array of inspirations and styles, which is also ensured by yearly prestigious collaborations with well-renowned and emerging designers.

## North America.

With over 20 years in North America, Fabbian USA offices are located in the world's capital of design, **New York City**, just blocks from Time Square.

## COMPANY PROFILE

### Company structure.

Proudly headquartered in Castelmino di Resana, in the **Venetian Countryside**, the company has an international outreach.

From **Venice**, it manages directly the European region, while it distributes the products through agents or importers in the other macro-geographical areas (Greater China, Russia, South and East Asia, South America, GCC countries, Northern Africa).

### Designers.

Fabbian has collaborated with some of the most prestigious designers throughout the world to create unique elements for your home and business.

## F39 PIVOT

F39 Pivot, designed by Vittorio Massimo is a complete collection of architectural lighting.

Pivot's design is an example of **minimalism** at its finest- the form is **clean** and **simple** and provides ample illumination and functional **flexibility**.

The collection includes surface mount, pendants and a floor lamp.

Offered in several sizes, two color temperatures and three standard finishes, with many options for customization.

## F39 PIVOT

The Pivot collection includes a pendant light – that can be used for direct or indirect illumination as well as joined together to form large installations, a floor lamp – that can provide reflected or direct light and the ‘work horse’ wall & ceiling – that can be used as wall or ceiling fixtures, vanity lights, art lights, wall washers and be continually adjusted as the need arises.

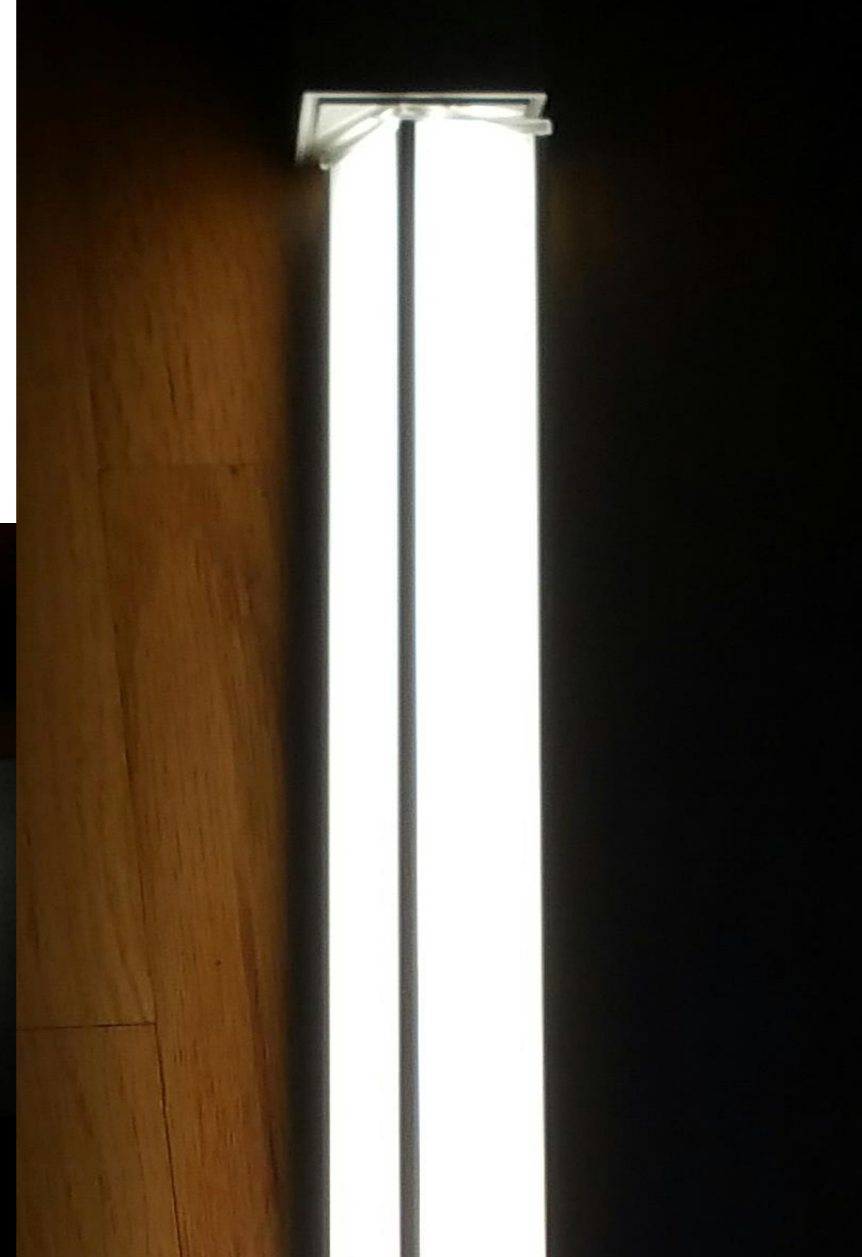

Pivot’s many type, sizes and finishes make this a go-to collection for architectural lighting projects that require elegant, modern forms with high performance function.

## F39 PIVOT

Pivot's central element is its light bar, shaped like a triangle- with two sides providing evenly diffused LED illumination and the third 'flat' side of painted aluminum, that **pivots** at its connection points to provide adjustable directional light. All in ¾" package!

### Pendants

Low profile linear pendant lamp with painted aluminum structure. Light fitting adjustable 180 degrees providing direct or indirect illumination. Floating canopy provides mounting flexibility for when junction boxes are not in ideal locations. Optional connection accessories allow connection of two or three pendants- create long lines of light or form different shapes. 120V 0-10V dimming. 277V 0-10V dimming available.

#### Lamp Type:

- 70W 120V 7500 lumens 3000K or 2700K >90CRI LED

**Dimensions:** 62.1" L X 1.9"W X .75"H; 78" max height

Canopy: 8.6"L X 4.1"W X 5.1"H
