Faretti
D27 Crystal Trims

Recessed Crystal and Glass Downlights

After intense research on shapes in spaces, Pamio Design Studio succeeded in creating a wide range of recessed lighting fixtures that are both functional and exquisite. The shapes, facets, materials, and finishes were conceived to produce the best lighting possible while adding a touch of elegance to the usual recessed spotlights making the space less technical and cold.

The result is the D27 Faretti series, a range of “small gems of light”, that enhance the ceiling in any space, creating elegant, unique atmospheres. Recessed lighting fixtures are for indoor use with housings available for Remodel, New Construction, and Insulated Ceilings. Match with Crystal and Glass Trims in both transparent or satin finishes, and some with stainless steel front plates. Trims are available for DRY (open glass) or DAMP (closed glass) applications.

Weight

5.51 lb

Electrical & dimming

- 120V Only
- Dimmable to 10% with ELV Dimmer

Mechanical

Remodel Housing:
- Housing is designed for Remodel installations up to 5/8” thick ceilings and not for contact with insulation
- (4) Clips are used to lock fixture into place
- Multiple knockouts located on (4) sides of the driver box for easier installation access

New Construction (NC) and Insulated Ceiling (IC) Housings:
- Trim on housing is preset for ½” drywall and field adjustable to work with up to 2.5” ceiling thickness
- Hanger Bars adjustable from 13” to 25” for joist and grid ceiling installations
- Pre-attached nails included on hanger bars
- Housing is designed for New Construction installations
  - NC - Not for contact with insulation
  - IC - For direct insulation contact

Product options (Minimum order quantities may apply)

- Driver
  - D27F-MOD-DRVR-277V-ELV - 277V Only, ELV Dimming
  - D27F-MOD-DRVR-UNV-010V - 0-10V dimming (NC and IC only)
- Safety Clip
  - D27-SC - 12” Safety cable with safety clamp for Faretti Glass CCT
- High Output:
  - D27F-MOD-HI-OUTPUT - 1918 Initial Lumens, 93CRI (NC Only)
